Viceroy's Diplomatic Adviser Says Agitation Due to Students.

**GOVERNMENT NOT INTERESTED**

Has Contract to Furnish Laborers for South America and Can Not Obtain Sufficient Coolies. Recruiting Agents Endeavor to Find Men.

Detroit, June 30.—Charles Denby diplomatic adviser to the viceroy of North China, who is visiting relatives here, does not take a serious view of Chinese threats to boycott American goods owing to the Chinese exclusion act. Mr. Denby, who has for 20 years been in close touch with political and commercial affairs in China, said:

"The Chinese government is not back of the agitation, and it is not supported by the merchants. It is probable that Chinese students are making the trouble. The students of China, like those of Russia, are a factor in politics, young, hot-headed fellows, educated abroad and with advanced reform ideas.

China is satisfied with the present exclusion laws. I believe that if we repealed these laws, China would pass an act forbidding the coolies to come to this country. The government has a contract with the big mine owners in South Africa to supply them with labor. The government gets a royalty on all the labor furnished, and cannot get men enough. It has recruiting agents all over China now. The Chinese do not want their laborers to come to America. All China wants is laws, that students and merchants be allowed to come in undisturbed and no discriminations."

The defeat of the Meteor III in the race from Eickenfordt to Kiel confirms yachtsmen in the opinion that the reconstruction of the Emperor's yacht has rather lessened than increased her speed.

**TEXT OF FRANCO-GERMAN CONTROVERSY NOT PUBLISHED**

Members of Chamber of Deputies Evidence Dissatisfaction.

Paris, June 30.—Some dissatisfaction is evident among members of the chamber of deputies and the general public, because the full text of the correspondence between Germany and France relative to Morocco has not yet been published, though the tenor of the note is known. Inquiries made in official quarters show that the publication of the notes will not be made until the question is finally decided as it is considered that they would give a mistaken idea of the present situation unless accompanied by the tenor of the diplomatic conversations in regard to the difficulty.

These oral communications which have afforded a better understanding, still continue and it is Premier Rouvier's intention to await the final solution of the question before making an official declaration.

**KING EDWARD'S HONOR LIST CREATES NEW KNIGHTS**

British Sovereign's Birthday Will be Celebrated.

London, June 30.—The honor list, in connection with King Edward's birthday, which will be officially observed today, has been issued. It creates Admiral Von Spaun, of the Austrian navy, and Admiral Fournier, of the French navy, honorary knights of the Grand Cross of the Order of St. Michael and St. George for their ser-

vice as members of the international commission which inquired into the North Sea incident. Several minor officials are made honorary companions of the Order of St. Michael and St. George for the same reason.

Colonel Charles Moore Watson, who was secretary to the Royal Commission to the St. Louis Exposition, is raised from companion of the Order of St. Michael and St. George, to Knight Commander of the same order for his services in connection with the exposition.

Four additions are made to the privy council, Earl Mansfield, Lord Rayleigh, Lord Tennyson, and Sir R. B. Finley. Ten baronetcies are created. In the list are 21 new knights, Sir Lawrence Alma Tadema, the painter, and George Meredith, the novelist, receive the order of merit. A number of Colonial personages are recognized in appointments and orders.

**STRANGE PRANK OF RIVER.**

Platte Brings Beast of Prey Into Buenos Ayres.

New York, June 30.—The recent inundation of the river Parana has had strange consequences, cables the Herald's correspondent at Buenos Ayres. By the great extension of the river Platte, the docks of Buenos Ayres and the harbor has been invaded by floating islands of land torn from the banks of the Parana. These have brought hordes of tropical animals, hundreds of big serpents, and many crocodiles. Even a tiger cub has been captured within the harbor.

**RETURNS BY WIRELESS**

Makes Initial Trip—300 Passengers Place Bets on Races at Sheephead Bay, Latonia and Buffalo—Chicago Chief of Police Powerless.

Chicago, June 30.—The steamer City of Travers, America's first wireless floating pool room, has made her initial trip. At a point 22 miles southwest of Chicago, in the middle of the lake, just half way between Michigan and Illinois, the boat was slowed down to two miles an hour and described vast circles for the remainder of the afternoon.

The wireless apparatus picked up the results at Sheephead bay, Latonia, and Buffalo, sent from Chicago and Michigan city. Bets were made and paid as at a track and the crowd made up in betting enthusiasm what it lacked in numbers, there being only 300 passengers. The owners of the boat declare they will make daily trips hereafter and expect that nobody will interfere with them. The chief of police of Chicago has been informed by the city's legal adviser that he is powerless.

**Wallace Will Make Reply.**

New York, June 30.—A statement published today by the Times credited to a "confidential report," of John F. Wallace, whose resignation as chief engineer of the Panama canal, has just been accepted by the government, a declaration that when Mr. Wallace accepted the place it was his purpose to remain in charge of the construction of the Panama canal until its completion.

The "confidential report" declared that Mr. Wallace will soon present his side of the case to the public in a statement which will conclusively show that he was justified in tendering his resignation and will cause an investigation to be made.

**Franchise Taken Away.**

Philadelphia, June 30.—The select council has passed the bill repealing ordinances which gave the Philadelphia Rapid Transit company the right to lay tracks on an additional 110 miles of streets without the city receiving any thing for the franchises. This is another victory for Mayor Weaver.
